Editorial

Dear Readers,

Greetings to all the readers of 'SKB Pharma- e-bulletin'. This is the 20th issue of the endeavour to bring to the readers the events and happenings of the different Colleges of Pharmacy as well as issues which effect the pharma world and our society. This issue also coincides with 1st May which is commemorated as International Labour Day as well as Maharashtra Day in our part of the world. The magazine salutes the spirit of the labour force without which the world would be at a standstill. As citizens of the state of Maharashtra we pay our obeisance to the land to which we owe our identity and which is our 'karmabhoomi'.

We are in the midst of a pandemic which has affected the planet for over a year and a half now. The advances in drug testing and pharmacy field have ensured that India is equipped with certain life-saving vaccines which have been produced in record time and are saving the life of a huge population. The challenge lies in administering the same to the huge populace within the shortest possible time frame. Pharmacists are playing an equally vital role alongside the doctors and nurses to achieve this herculean task. SKB College of Pharmacy has always been on the forefront in spreading awareness amongst masses and society to come forward and get vaccinated and we take this opportunity again to appeal to the readers to get themselves vaccinated at the earliest.

In these difficult times Pharmacy colleges have endeavored to work with society at large as a part of their social responsibility in creating a responsible and safe future for the society. The AICTE Lilavati Award to two colleges has been the appreciation of it in one format. This motivation for the students and staff reiterates the organization's mission to inculcate wholesome education by fostering societal responsibility in every aspect of life in a student.

This is a time to take care of our family and loved ones as well as being responsible towards our society. We pray for the well-being of our readers and their families and a healthy time ahead.

Pharmacy Practice and Prescription Fee

Dr R. N. Gupta
Eminent Pharmacist
Chairman Hospital Pharmacy Division
and Vice President
Indian Pharmaceutical Association
Professor Dept of Pharmacy
Birla Institute of Technology
Mesra Ranchi.
roopgupta2015@gmail.com

In each profession practising is the best lucrative option for the qualified professional for better living hood. Similarly, our Pharmacy is a profession and pharmacist can do Pharmacy practice easily to earn respect and money both. Pharmacists are called "Expert of Drugs " by virtue of their education. Hence, they should utilise their expertise while working in hospital or in community pharmacy. Till today community Pharmacy could not get identity as profession. It is still considered as trade. It can be easily overcome by Pharmacists by providing patient counselling at the counter.

Pharmacy Council of India has enacted 'Pharmacy Practices Regulations 2015 ' and also inserted " Pharmacy Practice" subjects in Pharmacy syllabus to strengthen pharmacists legally and professionally. Besides diagnosis by physicians, the role of pharmacists is much more effective in treatment of diseases which covers timely right dose at right time, right way of administration with proper food and its combination with other drugs, proper care of patients in home, prevention of diseases, immunisation programme, provide drug safety, minimise medication error etc. Pharmacists would gain

recognition as best practitioner by providing patient counselling on the above-mentioned matters. Provided we start today or tomorrow and certainly it will be rewarded as consultation fee and generations of faith among patients about us.

In corroboration of above and for the support of pharmacist, in the year 1984 Lentin Commission has recommended to charge Rs.0.50 per prescription as "Prescription Fee" during sale at retail drug store which is to be given to pharmacist sitting at the counter. This was recommended with remark that it will attract qualified Pharmacist to join retail drug store and patient will be benefitted by the presence of pharmacist at retail drug (pharmacy). That time Govt and the commission had felt the importance of presence of pharmacist at retail counter for quality Pharmacy service and to avoid dispensing error at counter. But it was unfortunate on our part that we could not utilise "Prescription Fee " even after recommendation. The market value of Rs.0.50 of the year 1984 is equivalent to Rs.75 .00 today in 2021. One can imagine the no. of prescription being handled in Pharmacy per day.

In view of above Pharmacists are requested to awaken and to start Pharmacy practice from today wherever they are in hospital or in community (drug store) pharmacy. They should extort and utilise their knowledge to earn better living hood. Future is ours for establishing our vital role in treatment of patient not only as a mere dispenser of drugs at counter but as supportive role in treatment of patient by quality pharmacy services.

Note: The opinion's are writers personal opinion.

Pharmacy Workshop on Intellectual Property Rights (IPRs) & IP Management for Start-up

Smt. Kishoritai Bhojar College of Pharmacy, Kamptee conducted a workshop on Intellectual Property Rights (IPRs) & IP Management for Start-up organized by Institute Innovation Council of SKB College of Pharmacy on 26th March 2021. **Mr. Vijaykumar Shivpuje**, Director, Patlex Business Solutions & **Ms. Ruchi Singh** Co-Founder & Chief Technology Officer, Cerelia Nutritech Private Limited, New Delhi, India were the speakers. Mr. Shivpuje talked at length on the need for innovation in herbal products while Ms. Singh explained her own first-hand experience about the startup she works with and the evolution of the same. It was an enriching experience for our students to hear from a female entrepreneur of her hardships and courage. The program coordinators were Dr. Kamlesh Wadher, Ms. Neha Raut, Ms. Madhura Dixit & Mr. Mayur Kale under the convening of Principal **Dr. Milind Umekar**. Ms. Madhura Dixit anchored the program

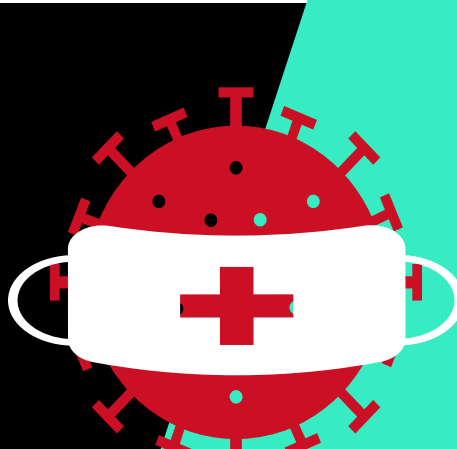

and Ms. Neha Raut handled the technical conduct. The program had a wide participation. The organizers are

thankful to the management S.S.P. Shikshan Sanstha for the motivation to conduct programs on such novel and upcoming topics.

Science Day Celebration

Smt. Kishoritai Bhojar College of Pharmacy celebrated National Science Day on 1st March 2021. **Dr. D. M. Kokare** was invited as resource person on the occasion and he talked on the topic Scientific Research Paper Writing. Dr. Kokare explained to the participants how discipline is a major factor for writing any paper. He also

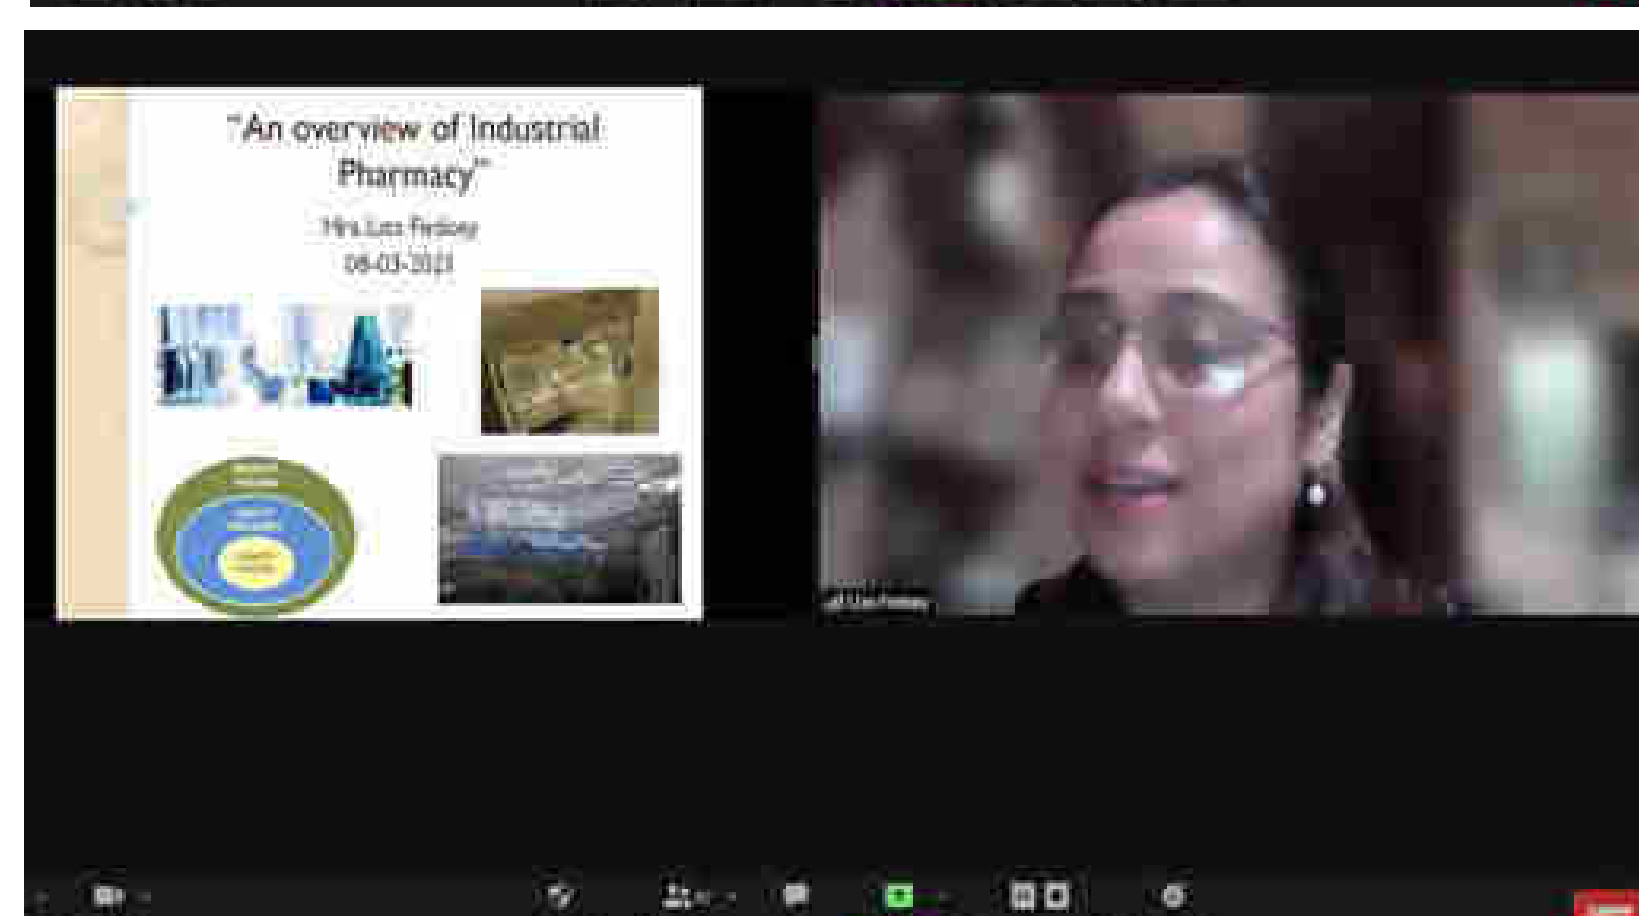

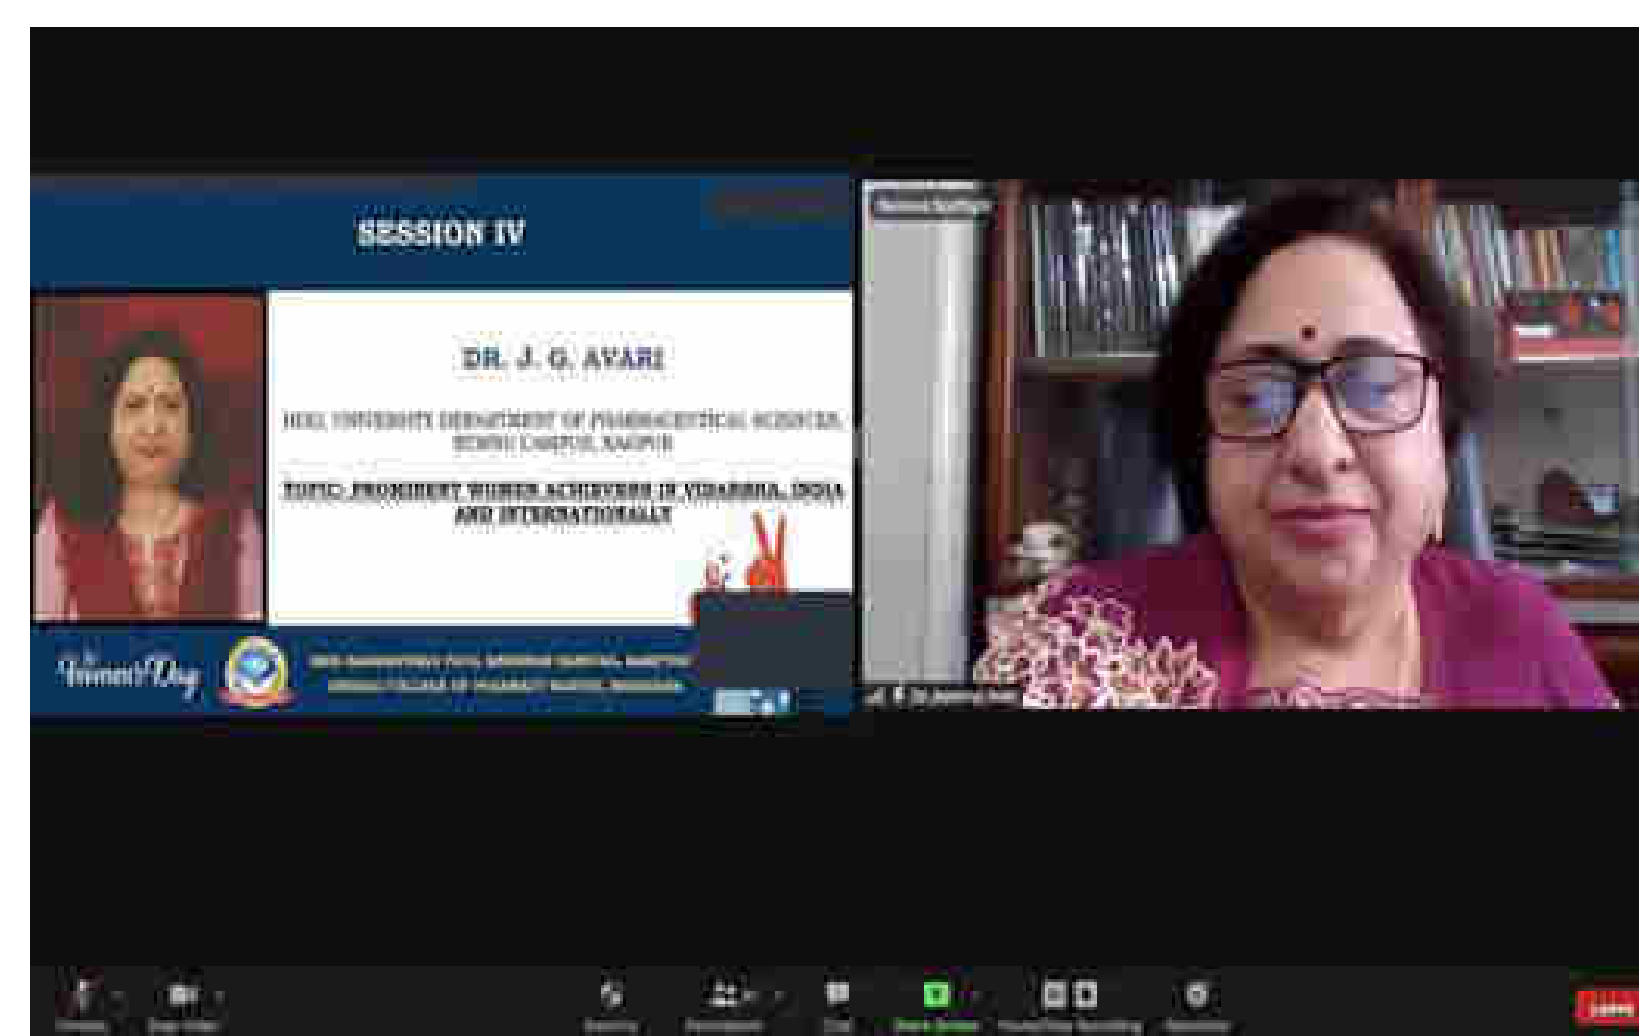

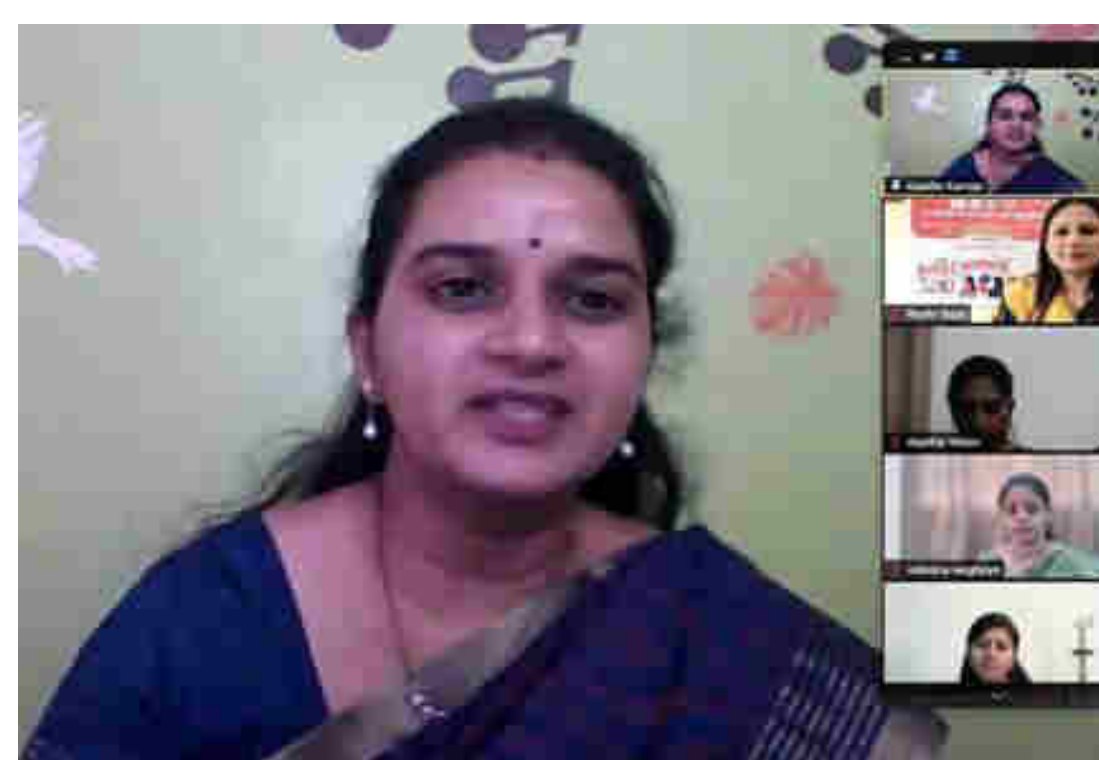

emphasized on the practice of drafting and identifying repetition and clutter. The National Science Day is celebrated every year on 28th February in honor of Dr. Raman. This day recalls the notable invention "Raman Effect" by India's greatest scientist C V Raman. He was awarded the Nobel Prize for this discovery. Since that day, February 28 has been commemorated as National Science Day to recall the great discovery of CV Raman. The program was anchored by Ms. Madhura Dixit and coordinated by Dr. Kamlesh Wadher, Coordinator, Institute Innovation Council of the college. Dr. Kokare expressed his thanks to Principal Dr. Milind Umekar for his invitation to talk on this day and expressed how Smt. Kishoritai Bhojar College of Pharmacy is like a family to him. We are thankful to the management of the college Shri Sadashivro Patil Shikshan Sanstha to provide us support to take such programs time and again.

The event was graced by the presence of eminent personalities from different fields of pharmacy like Dr. J. G. Avari, Head, UDPS, Nagpur, Dr. M. J. Umekar, Principal, Smt. Kishoritai Bhojar College of Pharmacy, Kamptee, Vice-President, APTI, Mrs. Lisa Firdosy, GM, Business Development, Unijules Life Sciences Ltd., Nagpur, Dr. Manjusha

Giri, Paediatrician, Neuron Hospital Nagpur, Mrs. Kawita Kanoje, Senior Patent Analyst, CSIR-URDIP, Pune. The theme for the event was #ChooseToChallenge. The speakers motivated the participants to take care of their health, introduced them to the professional challenges and motivated to aim high personally and professionally. The organizing committee along with the coordinator Mr. Sachin Lohe were thankful to speakers for their time and management for their support.

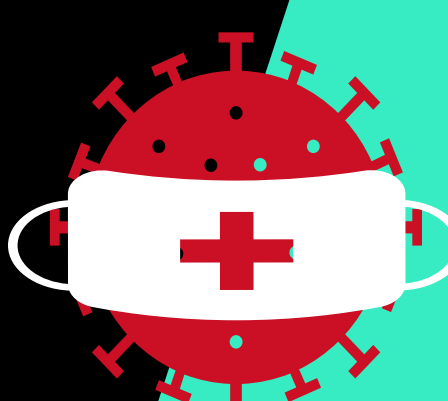

Hon. Chancellor Prof. Dr. Shivajirao Kadam, Bharati Vidyapeeth (Deemed to Be University) Launched the Website For 8th International Congress of Society for Ethnopharmacology (SFEC2021)

The 8th International Congress of Society for Ethnopharmacology (SFEC2021) India is being organized by SFE India Pune chapter in association with **Bharati Vidyapeeth Deemed to be University Poona College of Pharmacy, Pune** during 27-29th August 2021. Most of the Pharmacy colleges in Pune region are part of SFE India Pune chapter and are involved in organization of this mega event. The theme of the congress is "Ethnopharmacology & Medicinal Plants - Approach towards product development", highlighting several crucial and contemporary issues on the Ethnomedicine, Ethnopharmacology and Medicinal plant research by the renowned scientists throughout the globe. This will provide an ideal platform to the participants to present their research work, interact, debate and disseminate of ideas amongst the distinguished professionals, eminent scientists, industrialist and traditional health care professionals. Traditional healers across the country will participate in this event. Special sessions for interaction with modern scientists are a unique program of this conference. Around 100 scientific talks along with 300 presentations including poster and oral sessions are being scheduled. International speakers and delegates from 30-35 countries are expected to participate in the event along with national speakers and delegates.

The website of the event www.sfec2021.com was launched on Saturday 20th March 2021 at the hands of Prof. Dr. Shivajirao Kadam, Hon. Chancellor of Bharati Vidyapeeth (Deemed to be University) in the presence of Dr. Atmaram Pawar, IC Principal Poona College of Pharmacy, Dr. L. Sathiyarayanan, Organising Secretary of SFEC 2021 and Mr. R.B. Joshi, Former Assistant commissioner, FDA Pune. Dr. Shivajirao Kadam said such events are essential to promote the traditional medicinal system of India - AYUSH which has been proven for the efficacy in treatment of various ailments. Especially, Ayurveda and Siddha have played a major role in the treatment of COVID-19 patients. However, such Indian

INSTITUTIONAL NEWS

traditional knowledge should be scientifically validated to get global recognition and also intellectual protection. This conference will disseminate knowledge among researchers, academicians and scholars thus strengthen the R&D in traditional medicines. The organizing secretary of the conference Dr. L. Sathiyarayanan said, that around 50-60 leading Professors from renowned universities including Prof. Michel Heinrich [University college London], Dr. Roy Upton, [Director, Americal Herbal Pharmacopoeia], Dr. Marco Lenti, [University of Cagliari,

Italy], Dr Krystyna Skalicka-Wozniak [Medical University of Lublin, Poland] and Dr Gudrun [University Hospital Bonn]. Moreover, Indian traditional healers from different parts of India will be participating to discuss with modern scientists and industrialists so that the conference will be providing platform to document, disseminate and commercialize our traditional medicinal knowledge. He also said, the conference will attract audiences from various disciplines including Ayurveda, Siddha, Homeopathy, Unani and Modern Medicines.

It was a four-day programme and started with the Inaugural function. The program started with welcome speech and Introduction by Mr. Pratip Chaskar, then our principal Dr. Rakesh Somani said few words about the workshop and welcome all the speakers. Our all-guest speakers were felicitated with sapling. Then the speakers Mr. N N Rao and Mr. Sudhir Kumar shared their valuable experience and knowledge about the Maintenance and Handling of Instruments. Then all the guest and speakers shifted to lab for practical training.

stringent building and safety codes. The practical training was provided to each lab technician, On Day one 17th March 2021 our speaker Mr. N N Rao explained them about the basic electronic components and the types of electronic components by dividing the lab technician in a group of six people. On the same day Mr. Sudhir Kumar took a lecture on Maintenance of electrical instruments. Both the speakers shared their valuable experiences with everyone. On 18th, 19th March 2021, the second and third day of workshop were Mr. N N Rao talked about Conductivity meter, Spectrophotometer and colorimeter. He Explained

The aim of the workshop was to provide training to the all the lab technicians from different colleges. The workshop was conducted to reduce losses of equipment, and to extend the life of machinery and other equipment. In order to maintain equipment in peak operating condition, the organizations production facilities demand more attention today than ever before. The size, nature and complexity of the operation will dictate specific maintenance requirements. All systems have to be maintained in such a manner that temperature, humidity, plumbing, lighting, air quality, emergency, and safety equipment are kept at an acceptable level as well as

Cont.....

about how cleaning, battery replacement is to be carried out for colorimeter also elaborated on Conductivity and spectrophotometer. Also gave information about maintenance of log books. The sessions were very interactive. On 20th March 2021, the fourth day of workshop Mr. Milind gave information on topic Microscope. Where he elaborated on Daily maintenance of microscope, Cleaning of microscope and how to prevent the lens from damage while cleaning operations, how to repairs the parts. Again, the session was very interactive. Lab technician was clearing their doubts during the question-and-answer session. On last day the workshop ended with the vote of thanks which was given by the coordinator of event Mr. Pravin Jagtap where he thanked our speakers for sharing their valuable time with us, also thanked Dr. Rakesh Somani our principal for his consistent support in arranging such workshop for development. Finally, the feedback form was shared with Lab technicians and certificates was issued at the end of the program for attending four-day workshop.

Tree Plantation Program by NSS

In this academic year the tree plantation program was held on two occasions at the premises of **Smt. Kishoritai Bhojar College of Pharmacy, Kamptee, Nagpur** that is, on **Republic Day 26th January** and the other on **International Women’s Day 8th March 2021**. As seen again and again in the covid times, oxygen is the need of humankind and the best way to help nature is to plant trees – a source of oxygen and many medicinal uses.

The first plantation drive was conducted on 26th Jan. President of the sanstha Smt. Kishoritai Bhojar and Principal Dr. Milind Umekar donated digger machine for making hole for tree plantation easily, effectively and economically. Various saplings of Karanj, Ashoka, Gulmohar, Kadam, Amaltas, Cassia and Rain Tree were planted by President of Shri Sadashivrao Shikshan Sanstha – Smt. Kishoritai Bhojar, Secretary Shri Sureshji Bhojar, Vice-President Smt. Anuradha Bhojar, Director Shri Anurag Bhojar. The program was honored by the presence of Shri Kashinath Pradhan, member of Kamptee Municipal Corporation. Along with the dignitaries Principal of SKBCOP Dr. Milind Umekar sir, Principal Yadavrao Bhojar Adhyapak Mahavidyalay of Dr. Rupali Patil & Principal of Kamptee Ploytechnic Shri Mukesh Ghose and all teachers as well as non-teaching staff on the campus were present. The teacher **Coordinator of NSS Mr. R. T. Lohiya** facilitated the plantation.

The other plantation program was on 8th March Women’s Day. On this occasion, all the women teaching and non-teaching members were invited. The plantation was done by Mrs. Kamala Chandak, Dr. Jayashree Taksande, Dr. Rashmi Trivedi, Dr. Renuka Das along with all female faculty of the college.

On both the day the program was a success, clearly stating that even at this pandemic situation we must not forget that we do have some responsibilities towards our environment. This plantation has helped our campus to be greener every year – a fact appreciated by many of our visitors. This is also to the fact that all the planation done since long has a very high survival rate and plants are taken care of everywhere in and around the campus. This is a trait instilled in us by our late founder President Shri Yadavrao ji Bhojar and we will be always thankful to him to teach us such an important lesson.

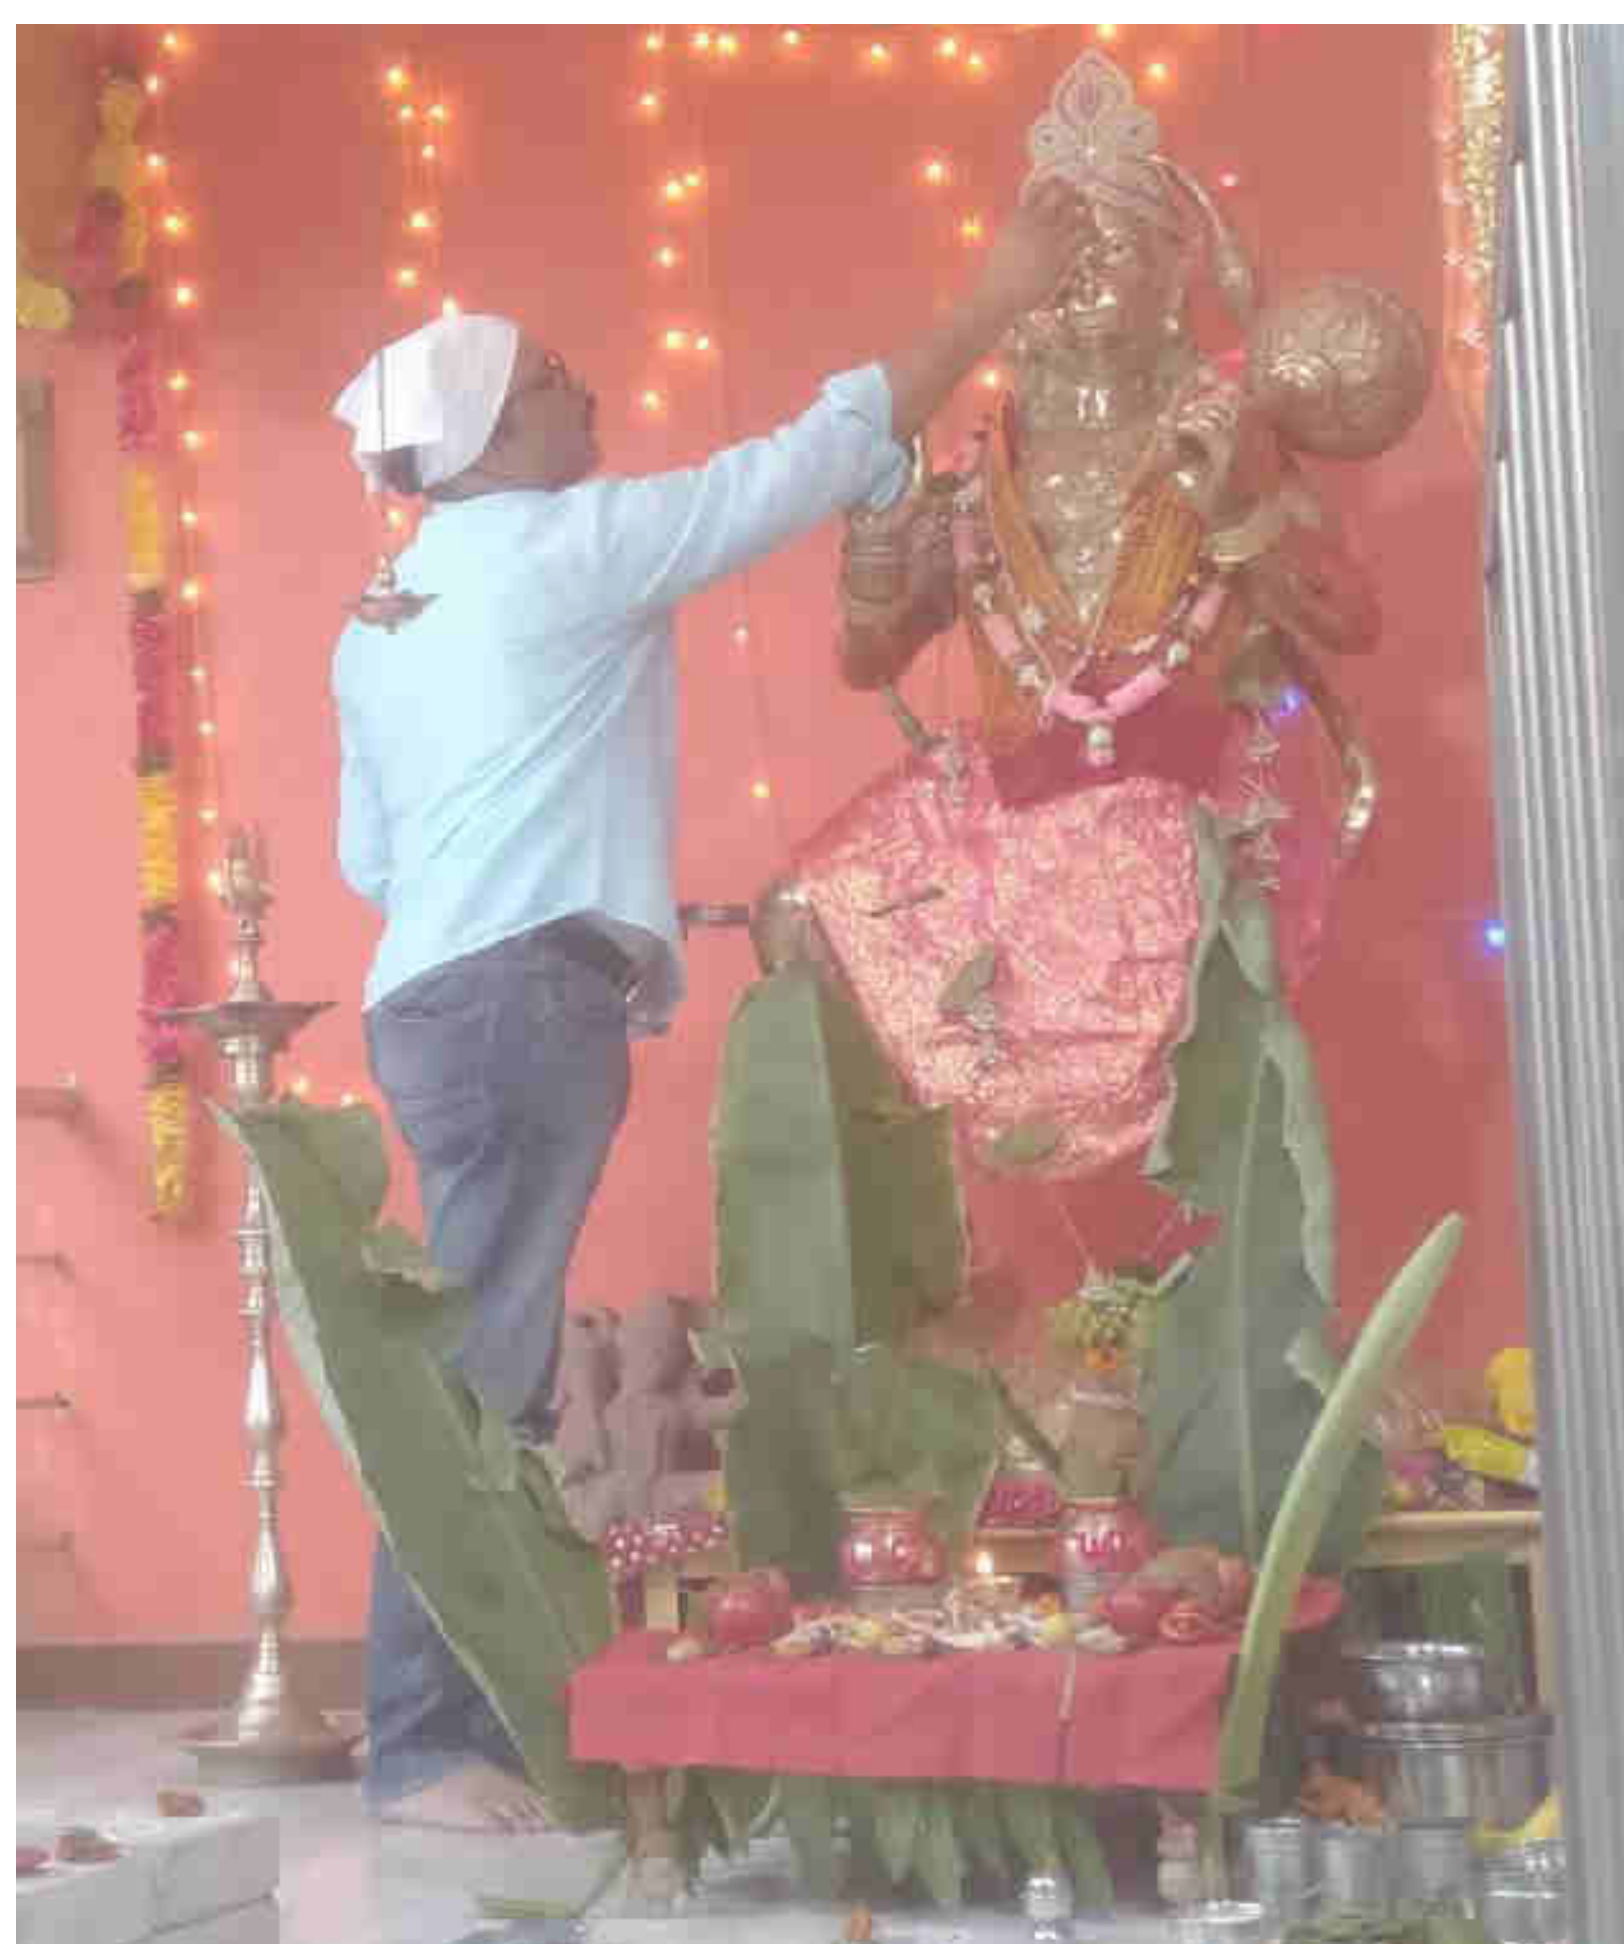

Tree Plantation

Hanuman Jayanti Celebrated on 27th April 2021

Like every year a Puja and **Maha-Prasad** was organised on the occasion of **Hanuman Jayanti** on 27th April 2021 in the Boys Hostel Premises of **Smt. Kishoritai Bhojar College of Pharmacy, Kamptee, Nagpur**. Every year this puja is organised to seek blessings from Lord Hanuman and all the students and teaching and non-teaching staff members of Smt. Kishoritai Bhojar College of Pharmacy, Kamptee participate in it. Puja is performed by Dr. Milind J. Umekar, Principal SKBCoP. The members of the Management of Shri. Sadashivrao Patil Shikshan Sanstha are also present for the occasion. Teachers and Principals of other Pharmacy colleges in and around Nagpur are also invited for the same along with the Principals and staff members of others institutions under the aegis of SSPSS Management also participate. This year owing to the lockdown due to the Corona Virus Pandemic situation, only a few staff members of the college could participate in the occasion. Puja was performed by Principal Dr. Milind J. Umekar.

Another Step ahead for a Social Cause...

Smt. Kishoritai Bhojar College of Pharmacy, Kamptee, Nagpur has taken up another philanthropic endeavour by taking this step towards a social cause. Shri Sadashivrao Patil's Shikshan Sanstha's, SKB College of Pharmacy has donated, an all

provisions included **Ambulance** for service to the poor and needy in and around Kamptee in April 2021. Due to the increased demand in medical services, especially during these unforeseen times of the Corona Virus Pandemic situation, there is also an increased demand for the ambulance services to take the patients to and from the hospitals and ensure timely medical assistance in their time of need. So, this ambulance is provided to serve the citizens during this Corona crisis. The institute has dedicated this Ambulance to their Founder President, Late. Shri. Yadavraoji Bhojar, who was a great visionary and always believed in service to others. The ambulance donated at the hands of the President of SSPSS, Smt. Kishoritai Bhojar, in the presence of Secretary of SSPSS, Mr. Suresh Bhau Bhojar, Mr. Anurag Bhojar and Principal of SKBCoP, Dr. Milind J. Umekar.

Remembering Late Shri. Yadavraoji Bhojar on his Birth Anniversary

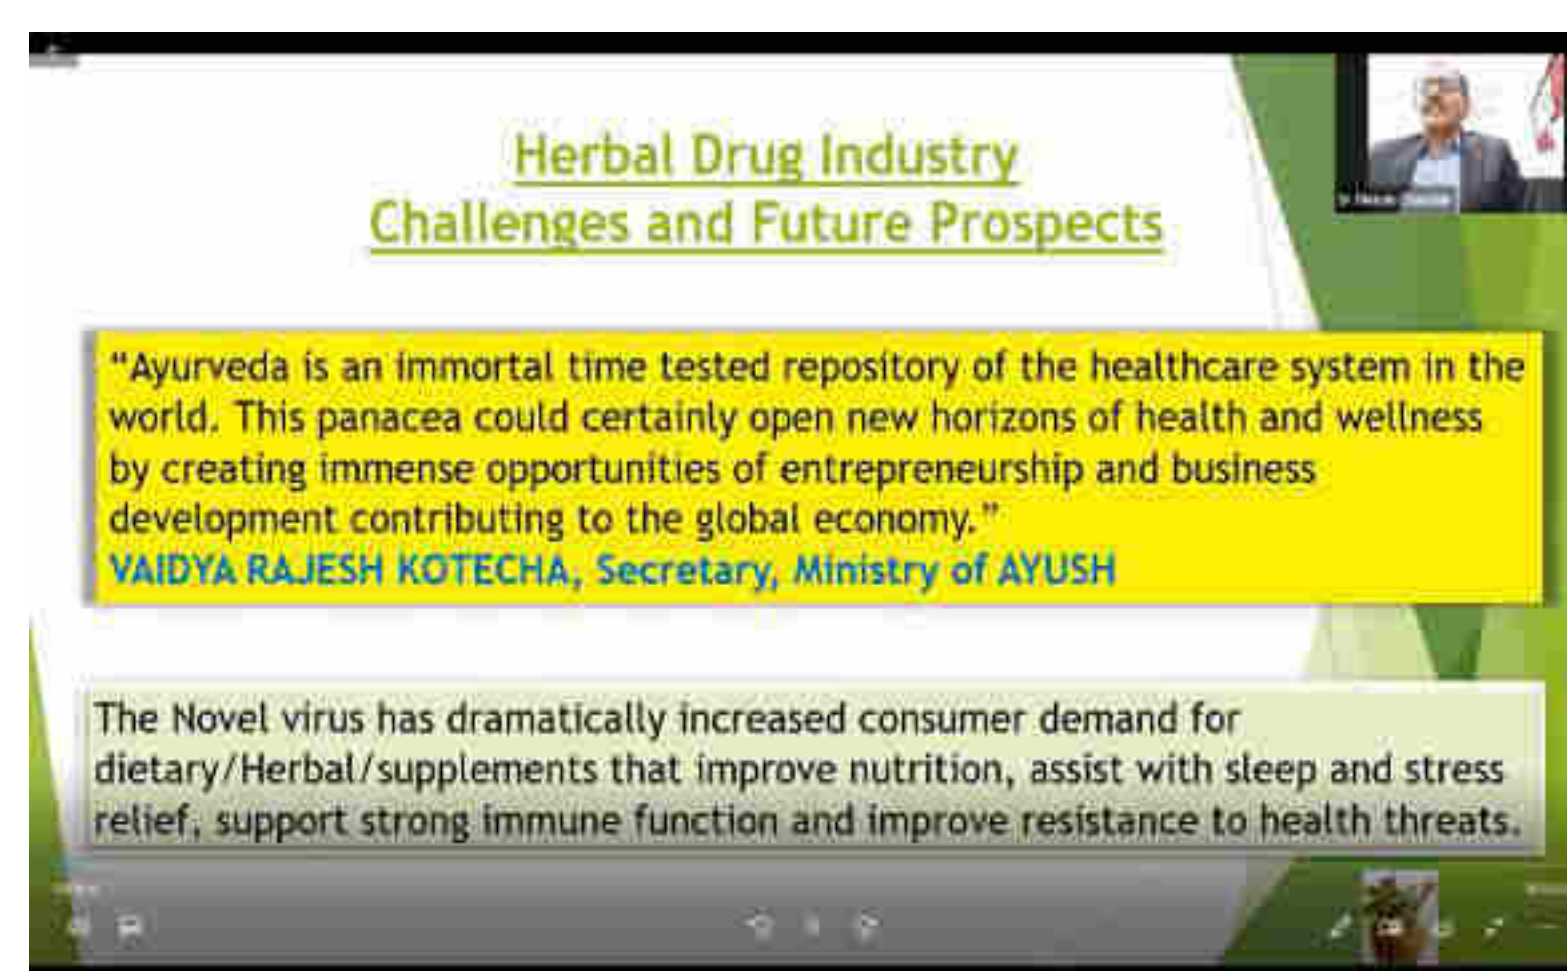

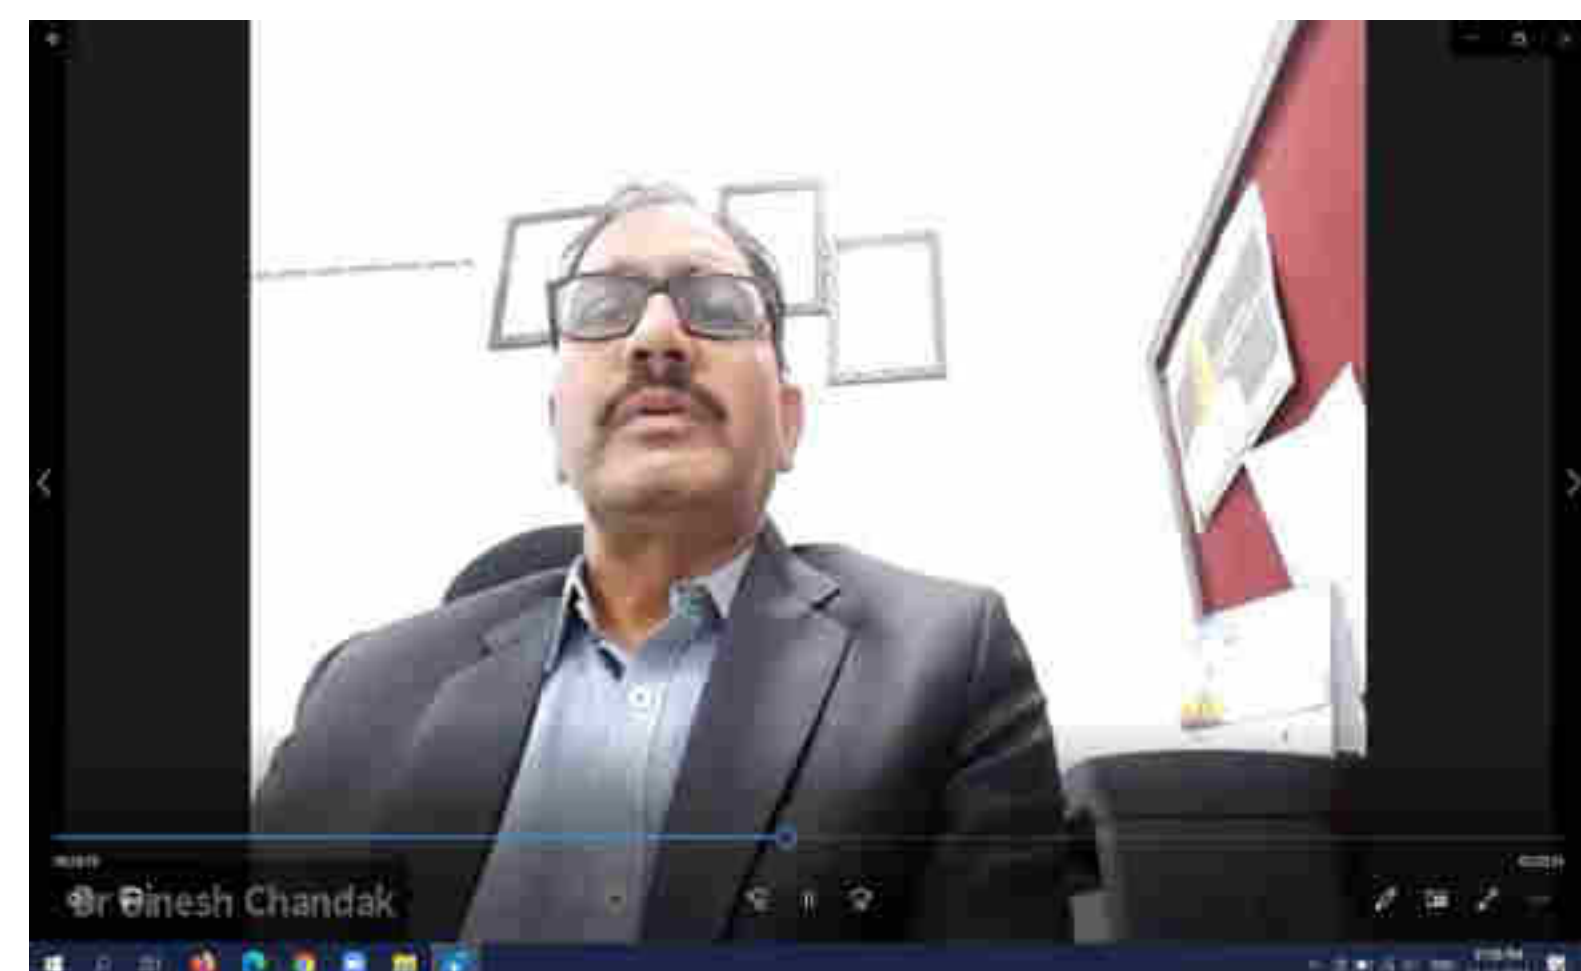

The birth anniversary of the Founder President of Education Institutes of Shri Sadashivrao Patil Shikshan Sanstha, and Former MLA, Late. Shri. Yadavraoji Bhojar, was held on behalf of the organization on 2 May 2021 at 10.30 am at the **Smt. Kishoritai Bhojar College of Pharmacy, Kamptee's** educational premises.

On this occasion, President of the organization Mrs. Kishoritai Bhojar, Secretary of the organization and former Zilla Parishad President Shri Sureshbhau Bhojar, Mr. Anurag Bhojar, Principal of the Pharmacy College Dr. Milind J. Umekar, and other principals and staff members of various institutes under the SSPSS management like Dr. Rupali Patil, Mr. Mukesh Ghose, as well as the teaching and non-teaching staff were present on the occasion. All present members paid their respects by offering flowers to the Photograph of

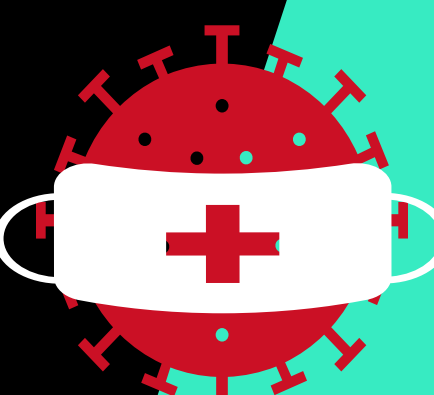

the Former President and remembering. Those members who be present at the college, paid their respects through the online medium.
